

# ACCLAIM FROM FANS & CRITICS ABOUT DIANNE WILLIAMS' CDs:

---

"The arrangements are interesting and Williams's flute performance is excellent. Her lovely tone-quality suits this recording."

*Flute Talk Magazine Music Critic, November 2001*

"I want another CD. {Your music} is fantastic! I love every song you did! What a wonderful God-given talent you have...What a blessing!"

*Alice Shoop, Jackson Twp., Ohio*

"*Simplicity* is a solid and enjoyably unpretentious collection of well-known melodies. What elevates this album of 'standards,' played on silver flute (by Williams) and various other instruments, is both the creative arrangements and the overall feeling of sincerity and warmth on the part of the artist. She's one 'heckuva' good flutist. And therein is where my (qualified) recommendation comes from."

*Bill Binkelman, music critic, WIND and WIRE*

"I listened to it all weekend and absolutely love it. Your interpretations are beautiful--my favorite is *All Through the Night*. The beginning with *Amazing Grace* is very moving and the ending with *Ode to Joy* is just that—joyful! Thank you for sharing your gift."

*Scott Bistayi, New York, New York*

"Your music on *Simplicity* is simply wonderful! I must admit, however, that it's even better seeing you and hearing you in person because your personality 'ices the cake' of your great performance!"

*Barb Hardin, North Canton, Ohio*

"I've been playing {your CD} all day at my computer here at work. I think it's just beautiful . . . all of it!"

*Marcy Doerflinger, Massillon, Ohio*

"My husband and I have very much enjoyed listening to your CD during dinner. It is truly wonderful and very relaxing!"

*Hilary Loustaunau, Columbus, Ohio*

"I think it is just beautiful and so comforting. I love the song entitled *Simplicity* the most."

*Patricia Oliver, Chicago, Illinois*

"We are very impressed...the music is beautiful!! We love it. It was great music for my card club party."

*Jane Housos, Akron, Ohio*

"This recording is great. I have to drive a lot of miles next week and listening to it will suppress road rage."

*Wayne Arnold, North Canton, Ohio*
